Dear Friends of Reach for Resources,

All of us have had a variety of experiences through the coronavirus pandemic this past year. Our thoughts have been with all of you through the good, mundane, and unimaginable. As we turn the corner, Reach for Resources, Inc. wants to continue the excellent services and supports we provide to children, adults, and families across the state. We appreciate you being a part of our organization.

We continue to be amazed by the hard work and unwavering support the employees, volunteers, donors, and partners continue to provide to individuals we support. Moving forward, we plan to continue to improve and provide quality services and supports. Over this past year, our Case Management team has grown significantly, we were able to move our adaptive recreation programs to virtual platforms, and we have worked on creating efficiencies within our work so we can spend more time with people. Our programs continue to be strong and you can read about their highlights in the report.

It truly continues to be a privilege to work alongside such a passionate team of leaders, employees, volunteers, families, and donors, who want to make sure that the individuals we support continue to grow, reach their potential, and enjoy a quality life. Thank you for your continued support in our shared journey.

All my best,

*Kate Bottiger*

Executive Director

## MENTAL HEALTH

*Our experienced mental health team has been duly trained to address both disability issues and mental health disorders. We offer services including Adult Rehabilitative Mental Health Services (ARMHS), Children's Mental Health Targeted Case Management (TCM), Psychotherapy, and Parenting Capacity Services services.*

**Total Number of People Served by Mental Health: 217**

### 2020 Highlights/Accomplishments

- Although we were limited in seeing people face-to-face, we learned how to utilize virtual methods to connect with our families and individuals (using video and phone for sessions).
- We set up and used the client portal in Procentive (our electronic medical records system). This saves time and allows the individuals we serve access to important documents such as treatment or safety plans.
- 82% of families improved in the FPD program.
- 100% of families served were satisfied.

## CASE MANAGEMENT

*Reach provides personalized supports to individuals looking to coordinate their services through waiver funding. We help individuals successfully access needed services and programs, such as preferred housing, out-of-home respite, and employment supports. Throughout the process, we maintain our core values of a person-centered, strengths-based approach with a focus on self-determination.*
