Dear Friends of Reach for Resources,

We want to continue the excellent services and supports we provide to children, adults, and families across the state and continue to create a positive work-setting for our employees. We ask for feedback regularly and recently, our staff provided their thoughts on our vision, mission, and values.

Vision: Empowering people of all-abilities to reach their full potential.

Mission: We provide individualized services that maximize independence, boosts community engagement and improves physical and emotional well-being.

#### Core Values

- **Passion for Excellence.** We offer a variety of quality services tailored to meet the specific needs of each person we support.
- **Compassion.** We ensure the unique goals and dreams of supported individuals are met.
- **Integrity.** We are committed to honest and ethical decision making.
- **Teamwork.** We work together to create a unified approach to empowering people.
- **Respect.** We value each individual and demonstrate it through our actions and words.
- **Inclusion.** We build meaningful social connections between people and their communities.

Over the past year, our demand for services has increased; unfortunately, we struggled to hire new employees, just as other businesses have. We added a Clinical Supervisor and Counseling Services, while our other services and supports remain strong. It truly continues to be a privilege to work alongside such a passionate team of leaders who want to make sure that the individuals we support continue to have the opportunity to live, work, and play in their community.

Thank you for your continued support in our shared journey. We appreciate you being a part of our organization.
