## Reach Hits Employee Milestone

We are excited to announce, for the first time in our organization's history, we have over 100 employees! 38 years ago, Reach started as a small organization, with a handful of employees. Over the years, we laid a strong foundation that enabled us to expand our services while continuing to provide quality supports.

Our outstanding team of employees is the reason we've been able to grow year after year. We appreciate their hard work, commitment and dedication to empowering people to reach their full potential.

We want to thank everyone for their support of Reach over the years! We look forward to continuing to provide person-centered services to as many individuals and families as possible.
