Expert Support

Our experienced team understands housing systems and the needs of individuals with disabilities and other conditions. We provide the knowledge and resources needed for housing success.

Customized Assistance

Everyone's journey is unique, so we tailor our services to meet individual needs. Whether it's finding a home, maintaining housing, or navigating daily challenges, we're here every step of the way.

Preventing Homelessness and Institutionalization

We go beyond securing housing by providing ongoing support to prevent future instability, helping individuals stay in their homes and live independently.

Housing Transition

We provide personalized guidance to help individuals secure stable housing and develop long-term plans. Our support includes assistance with applications and paperwork, researching housing options, ensuring adaptive accommodations, and coordinating lease details, moving logistics, and essential supplies.

Housing Sustaining

Our goal is to help individuals successfully maintain their housing by providing education on building positive relationships, support with housing benefits, assistance with transportation and adaptive accommodations, and guidance on economic assistance programs. We also connect individuals with Community Living Specialist (CLS) staff, especially those transitioning to independent living.

Housing Support - Independent

For individuals at risk of homelessness or institutional placement, this service helps cover housing costs like rent, utilities, and certain expenses through Supplemental Security Income or General Assistance. It also provides specialized support for individuals 65+ or those with disabilities affecting self-sufficiency. To access Housing Supports – Independent, individuals must first be active in Reach's Housing Sustaining or Transitional Services.
