

POLICY AND PROCEDURE ON SERVICE TERMINATION

I. PURPOSE

The purpose of this policy is to establish determination guidelines and notification procedures for service termination.

II. POLICY

It is the intent of Reach for Resources to ensure continuity of care and service coordination between members of the support team including, but not limited to the person served, the legal representative and/or designated emergency contact, case manager, other licensed caregivers, and other people identified by the person and/or legal representative during situations that may require or result in service termination. Reach for Resources restricts service termination to specific situations according to MN Statutes, section 245D.10, subdivision 3a.

III. PROCEDURE

Reach for Resources recognizes that *temporary service suspension* and *service termination* are two separate procedures. Reach for Resources must limit temporary service suspension to specific situations that are listed in the *Policy and Procedure on Temporary Service Suspension*. A temporary service suspension may lead to or include service termination or Reach for Resources may do a temporary service suspension by itself. Reach for Resources must limit service termination to specific situations that are listed below. A service termination may include a temporary service suspension or Reach for Resources can do a service termination by itself.

- A. Reach for Resources must permit each person served to remain in the program or continue receiving services and must not terminate services unless:
 - 1. The termination is necessary for the person's welfare and the license holder cannot meet the person's needs;
 - 2. The safety of the person, others in the program, or staff is endangered and positive support strategies were attempted and have not achieved and effectively maintained safety for the person or others;
 - 3. The health of the person, others in the program, or staff would otherwise be endangered;
 - 4. The license holder has not been paid for services;
 - 5. The program or license holder ceases to operate; or
 - 6. The person has been terminated by the lead agency from waiver eligibility.
- B. Prior to giving notice of service termination, Reach for Resources must document actions taken to minimize or eliminate the need for termination. Action taken by the Reach for Resources must include, at a minimum:
 - 1. Consultation with the person's expanded/support team to identify and resolve issues leading to issuance of the termination notice; and
 - 2. A request to the case manager for intervention services as identified in section 245D.03, subdivision 1, paragraph (c), clause (1), or other professional consultation or intervention services to support the person in the program. This requirement does not apply to notices of service termination issued due to the program not being paid for services.
 - 3. If, based on the best interests of the person, the circumstances at the time of the termination notice were such that Reach for Resources was unable to take the action specified above, Reach for Resources must document the specific circumstances and the reason for being unable to do so.

- C. The notice of service termination must meet the following requirements:
 - 1. Reach for Resources must notify the person or the person's legal representative and the case manager in writing of the intended services termination. If the service termination is from residential supports and services, as defined in section 245D.03, subdivision 1, paragraph (c), clause (3), Reach for Resources must also notify MN Department of Human Service's Commissioner in writing; and
 - 2. The notice must include:
 - a. The reason for the action;
 - b. Except for a service termination when the program ceases to operate, a summary of actions taken to minimize or eliminate the need for service termination or temporary service suspension as required under section 245D.10, subdivision 3a, paragraph (c), and why these measures failed to prevent the termination or suspension;
 - c. The person's right to appeal the termination of services under MN Statutes, section 256.045, subdivision 3, paragraph (a); and
 - d. The person's right to seek a temporary order staying the termination of services according to the procedures in MN Statutes, section 256.045, subdivision 4a or 6, paragraph (c).
 - 3. Reach for Resources must use forms provided by the commissioner to report service terminations.
- D. Notice of the proposed termination of service, including those situations that began with a temporary service suspension, must be given:
 - 1. At least 60 days prior to termination when Reach for Resources is providing intensive supports and services identified in section 245D.03, subdivision 1, paragraph (c).
 - 2. At least 30 days prior to termination for all other services licensed under Chapter 245D.
 - 3. This termination notice may be given in conjunction with a notice of temporary services suspension.
- E. During the service termination notice period, Reach for Resources must:
 - 1. Work with the expanded/support team to develop reasonable alternative to protect the person and others and to support continuity of care;
 - 2. Provide information requested by the person or case manager; and
 - 3. Maintain information about the service termination, including the written notice of intended service termination, in the service recipient record.
